A BIG FIRE UPTOWN.

The Schwartzchild & Sulzberger Slaughter-Houses Burned.

Three Firemen Hurt and the Loss Estimated at \$300,000.

It Was at First Supposed that Strikers Had Set the Fire.

The immense wholesale butchering and fatrendering establishment of the Schwartzchild & Sulzberger Refrigerating Company at the foot of East Forty-fifth street was destroyed by fire early this morning. The loss is estimated by the owners of the property to be between \$200,000 and \$500,000.

The ten buildings occupied by the Company overed the entire block bounded by Fortyfifth and Forty-sixth streets, First avenue and the East River. They were nearly all old buildings, some two and others three stories in height, and the irregularity of their arrangement made it very difficult for the Fire Department to cope with the flames.

First thousant to set incendiage.

First thouset to be incender.

It was at first believed that the fire was the work of an incendiary. The Company has had trouble recently with some of the men employed in the fat-rendering department. They demanded shorter working hours and more pay. They were getting \$11 a week and claimed that they had to work from twelve to fifteen hours a day, and did not even get Sunday off.

This demand was refused, and yesterday twenty-five men quit wors. It is alleged that they made dire threats against the Company. The firm reported this fact to Capt. Relify, of the Fifty-first street station, learing a hostile demonstration, and last night the reserves of that precinct were sent down to protect the works.

There was no sign of the strikers, and at mideight the reserves were called off, but Roundsman Walling left two men, Officers Barry and Kern, to guard the works. PIRST THOUGHT TO BE INCENDIABLE.
